Question 1

Develop a table for a logical framework for the Community Service Centre Functionality Framework (COGTA KZN 2014) around the following headings:

Objectives:
- Inputs
- Activities
- Indicators
- Outputs
- Outcomes
- Means of verification

[100]

Question 2:

Write a proposal in narrative form for a monitoring framework for the Community Service Centre Functionality Framework (COGTA KZN 2014). Your design should include a discussion of the following questions/issues and illustration, using the case study:

- Why is monitoring important?
- What is the purpose of monitoring? From which perspective is the monitoring being carried out?
- What are the background and aims and objectives of the programme that will be monitored?
- What will be monitored?
- What are the indicators to collate your monitoring information?
- What tools/data collection instruments will you use to collect the information?/What will be the sources of data for your indicators?
- How will the monitoring be managed? Who will collect the data? Who will input the data and who will produce the report?
- How will the data be analysed?
- How will the data be used?
- How and to whom will the information be disseminated?

[contd on page 2]
Question 3:

Write a proposal to conduct an impact assessment for the Community Service Centre Functionality Framework (COGTA KZN 2014). Your proposal should discuss and illustrate the following issues:

- Aims and objectives of the programme
- What would be the gross effects of the programme?
- What would be the net effects of the programme?
- What would be the most appropriate impact assessment design for this programme?
- What indicators would be used to measure the outcomes of the programme?
- What indicators would be used to measure the impact of the programme?
- What would be some of the extraneous confounding factors on the net effects of the impact of the programme?
- What would be the possible design effects on the net effects of the programme?
- What design strategies will be used to isolate the effects of extraneous factors? [100]
